11 ROLLAND HANLEY, ) Case No.: 1:22-cv-0404 JLT SAB  
12 Plaintiff, )  
13 v. ) ORDER DIRECTING PLAINTIFF TO FILE  
14 B. WILKENS, ) MEDICAL EVIDENCE IN SUPPORT OF HIS  
15 Defendant. ) OBJECTIONS  
16 )

17 Plaintiff filed objections to the Findings and Recommendations, which recommend granting  
18 Defendant’s motion to dismiss for failure to prosecute, asserting that “at all times the mail was being  
19 sent to the Plaintiff, he was being treated for mental health related issues at different mental health  
20 facilities, suffering from severe mental illnesses.” (Doc. 30 at 2.) He contends that his “mental health  
21 illness has stabilized,” and he wishes to proceed. (*Id.*) However, the cursory information provided to  
22 the Court in the objections is insufficient for it to determine whether Plaintiff’s prior inaction in this  
23 matter should be excused, given the lack of specific information regarding Plaintiff’s mental health  
24 treatment.

25 Accordingly, the Court **ORDERS**: Plaintiff **SHALL** file medical evidence in support of his  
26 objections—including any diagnoses, documentation identifying the specific dates when he received  
27 treatment, and the facilities where he received this care— **within 21 days** of the date of service of this  
28 order. At that time, the Court will consider the medical evidence in conjunction with the objections.

1 **Failure to comply with this order will result in the Court finding Plaintiff is unable to do so and**  
2 **adopting the recommendation for dismissal.**

3 No further briefs may be filed by either party.

4  
5 IT IS SO ORDERED.
